Description

The 8 mm glass drill bit is a specialized tool that allows for precise drilling in materials such as glass, ceramics, tiles, and porcelain. Its nickel coating provides enhanced durability and wear resistance, ensuring prolonged use. This drill bit is compatible with standard drills and is suitable for both DIY and professional applications.

- Straight tip for precise drilling
- Cylindrical base for secure fitting
- Nickel coating for increased durability
- Compatible with standard drills
- Ideal for glass, ceramics, and porcelain
- Use in DIY and professional projects
- Ease of use and handling
- Optimized design to reduce breakage risk
- Versatile application range
- Dimensions: 8 mm diameter

Specifications

Colour	Níquel
EAN	8435012457412
Manufacturer	SCOA
