Description

The SKYLINE DIGITALIZER is an advanced tool designed for converting physical documents into high-quality digital formats. Its state-of-the-art scanning technology allows for capturing images with exceptional resolution, ensuring that every detail is preserved with precision. Ideal for offices, libraries, and professionals who need to digitize large volumes of documents, this device combines efficiency and ease of use in a compact and ergonomic design.

- **Scanning resolution:** Up to 600 dpi for sharp and clear images.
- **Scanning speed:** Scans up to 30 pages per minute, optimizing work time.
- **Output formats:** Supports PDF, JPEG, TIFF, and other popular formats.
- **Connectivity:** USB 3.0 for fast and efficient data transfer.
- **Compatibility:** Works with Windows and macOS, facilitating integration into different work environments.
- **Automatic feeder:** Capacity for 50 sheets, allowing continuous scanning without manual intervention.
- **Additional features:** Includes OCR options for text recognition and subsequent editing.
- **Compact size:** Space-saving design, ideal for small desks.
- **Intuitive interface:** LCD screen that facilitates navigation and device configuration.
- **Warranty:** Includes a one-year warranty to ensure the quality and performance of the product.
