Description

The DISPLAY MARINE DUOX PLUS v45.15* is a display device specifically designed for marine applications, offering an intuitive interface and high resistance to adverse marine environment conditions. This display combines advanced technology with a robust design, ensuring excellent visibility and durability. Its high-resolution screen allows for clear and precise reading, even in intense light conditions. Furthermore, its simplified navigation system facilitates access to various functions, making it an essential tool for navigators and maritime sector professionals.

- **Screen:** High resolution for clear visualization.
- **Resistance:** Robust construction to withstand extreme marine conditions.
- **Interface:** Intuitive navigation and easy access to functions.
- **Connectivity:** Compatible with multiple navigation systems and devices.
- **Dimensions:** Compact and lightweight, ideal for confined spaces.
- **Operating temperature:** Wide range for optimal performance.
- **Installation:** Easy to install in various vessel configurations.
- **Energy consumption:** Efficient, contributing to sustainability.
- **Certifications:** Complies with international safety and quality standards.
- **Accessories:** Includes mount and user manual for easy installation.

Specifications

High	7,3
Width	14,8
EAN	8424299092874
Depth	13,8
