Description

The **DISPLAY DIGITAL MDS CITYLINE** is an essential component designed to provide clear and accurate information display in transportation and signage systems. This replacement part ensures optimal performance and seamless integration with existing systems, allowing users to access relevant data efficiently. Its robust design and advanced technology ensure a long service life, even under intensive use conditions. The digital display is easy to install and adapts to various configurations, making it a versatile option for different applications.

- **Product type:** Digital display for transportation systems
- **Compatibility:** MDS CITYLINE
- **Dimensions:** Adapted to industrial standards
- **Resolution:** High definition for clear visualization
- **Connectivity:** Standard interfaces for easy integration
- **Durability:** Resistant to adverse weather conditions
- **Energy consumption:** Efficient for prolonged use
- **Installation:** Simple and quick, no specialized tools required
- **Usage:** Ideal for real-time information systems
- **Warranty:** Technical support and quality warranty

Specifications

High	6

Width	13,3
EAN	8424299096100
Depth	10
