Portable USB C Fan 6W with 5 Speeds

Brand: Niaros

Reference: GSC 300045003

The 6W portable USB C fan is a device designed to provide efficient and silent cooling in various situations. With a diameter of 85 mm and a 1-meter cable, this fan is easy to transport and use anywhere. Its autonomy of up to 3 hours and its fast charging capability, with a minimum charging time of 1 hour and a maximum of 12 hours, make it very practical. This fan features an LED indicator that shows its operating status and operates at a maximum noise level of 60 decibels, making it an ideal choice for use in environments where silence is required. Made of ABS, a durable and lightweight material, this fan is long-lasting and easy to handle, being compatible with any device that supports USB C charging.

Description

The 6W portable USB C fan is a device designed to offer an effective cooling solution in small spaces and on the go. This fan combines a compact design with powerful performance, capable of reaching speeds of up to 5500 RPM. Its USB C power technology allows for fast and efficient charging, facilitating its use in various situations, whether in the office, at home, or outdoors. Thanks to its ergonomic and lightweight design, it is easy to transport and place anywhere.

Technical Features

- Power: 6 W
- Diameter: 85 mm
- Cable length: 1 meter
- Autonomy: 3 hours
- Minimum charging time: 1 hour
- Maximum charging time: 12 hours
- Decibels: 60 dBRPM: 3400-5500
- Main material: ABS
- Battery type: Lithium
- IP: 20
- Number of blades: 12
- Insulation class: III

Among the benefits of this fan are its low energy consumption and its design that allows for silent operation, making it ideal for use in spaces where noise can be an issue. Additionally, its speed adjustment capability allows for customizing the airflow intensity, adapting to the user's preferences. Its ABS construction ensures long durability and resistance to wear, making it a reliable option for daily use.

This fan has multiple applications, being suitable for use in offices, bedrooms, cars, and during outdoor activities. Its compact size allows it to be placed on desks, tables, or even on the floor, providing a refreshing breeze anywhere. It is also ideal for situations where a portable fan is required, such as travel, camping, or outdoor events.

The installation and maintenance of this fan are straightforward. It does not require special tools for use; it simply connects to a power source via the included USB C cable.

Specifications

EAN	8433373096851
Manufacturer	Niaros
Number of blades	1
Revolutions per minute (RPM)	3400-5500
Speeds	5
Engine	DC
