Description

The IP54 1/2 moon open black wall light is an outdoor lighting element that combines functionality and design. This product is made of die-cast aluminum, which gives it notable resistance to weather conditions, ensuring its durability in outdoor environments. Its open design allows for efficient light dispersion, making it ideal for illuminating areas such as gardens, terraces, and facades. With dimensions of 22 x 10.8 x 12.1 cm, this wall light adapts to various architectural configurations, providing a practical and aesthetic lighting solution.Technical FeaturesSocket: E27Dimensions: 22 x 10.8 x 12.1 cmMaterial: Die-cast aluminumDiffuser: PolycarbonateProtection rating: IP54Among the benefits of this wall light is its ability to provide uniform and soft lighting, contributing to creating a cozy and safe atmosphere in outdoor spaces. Its robust construction ensures that the product maintains its structural integrity over time, even in adverse weather conditions. Additionally, its elegant design easily integrates into different architectural styles, making it a versatile option for any lighting project.This wall light is ideal for a variety of applications, including lighting entrances, hallways, patios, and outdoor relaxation areas. Its resistance to moisture and dust makes it suitable for installation in exposed areas where reliable and durable lighting is required. Furthermore, its compatibility with E27 bulbs allows the user to choose the light source that best suits their needs, whether LED, incandescent, or energy-saving.The

installation of this wall light is straightforward, thanks to its design that allows for quick and efficient mounting. It is recommended to follow the manufacturer's instructions to ensure proper installation and operation.

Specifications

Cap	E27 - rosca ancha
Colour	Black
Driver included	No
EAN	8000071838177
Measures	22 x 10,8 x 12,1
Protection	IP54
