White 45W Wall Fan with Remote Control

Brand: FULMO

Reference: EDM 33113

The white 45W wall fan with a diameter of 43 cm is a device designed to provide efficient ventilation in enclosed spaces. With a power of 45W and a speed of up to 1200 rpm, this fan features three speeds that allow users to adjust the airflow according to their needs. Its design includes a safety grille that protects the plastic blades, ensuring safe use. Additionally, the fan offers two operating positions: fixed and oscillating, allowing for uniform air distribution in the room. The included remote control makes it easy to operate the fan from anywhere in the room, enhancing user comfort. This fan is ideal for installation in living rooms, bedrooms, or any space that requires additional ventilation, operating at a voltage of 220-240V and a frequency of 50Hz, making it compatible with most electrical installations in homes and offices.

Description

The white 45W wall fan is a ventilation unit designed to optimize comfort in indoor spaces. With a diameter of 43 cm, this fan is ideal for wall installation, freeing up floor space and maximizing air circulation. Thanks to its high-efficiency motor, the fan can reach speeds of up to 1200 rpm, ensuring powerful and effective airflow. This model is equipped with a remote control, providing greater convenience to the user by allowing control of the fan without the need to approach it.

Technical Specifications

- Power: 45W
- Diameter: 43 cm
- Maximum Speed: 1200 rpm
- Positions: fixed and oscillating

- Blade Material: plastic
- Voltage: 220-240V
- Frequency: 50Hz

Among the benefits of this fan is its ability to provide a constant and adjustable airflow, allowing users to customize their ventilation experience. The oscillation option helps distribute air evenly in the room, avoiding hot spots and improving the feeling of freshness. Additionally, its modern and sleek design easily integrates into any decor, making it an aesthetic and functional choice.

This fan is especially useful in environments where additional ventilation is required, such as in living rooms, offices, or bedrooms. Its wall installation allows for maximum use of available space, making it ideal for small rooms or those with dense furniture. Moreover, its quiet operation ensures that it does not interrupt daily activities, such as working or resting.

The installation of the fan is straightforward and can be done on any wall with access to a power outlet. It is recommended to follow the manufacturer's instructions to ensure safe and efficient mounting. Regarding maintenance, it is advisable to regularly clean the blades and safety grille to ensure optimal performance and prolong the fan's lifespan.

Specifications

Colour	White
EAN	8435654500880
Remote control	Yes
Number of blades	8
Power (W)	45
Revolutions per minute (RPM)	1200
Type of installation	Surface
Speeds	10001400
