Fan-165x 50W Stand Fan with Automatic Oscillation

Brand: EDM

Reference: EDM 33132

The Fan-165x stand fan is a ventilation device designed to provide efficient and adjustable airflow in indoor spaces. With a power of 50W and a diameter of 40 cm, this fan features three speed levels that allow users to adjust the air intensity according to their needs. Its automatic oscillation ensures uniform air distribution in the room, while its highly stable base, designed in a 60x62 cm blade shape, guarantees firm and secure support. The fan's height is adjustable, allowing a range of 106 to 125 cm, making it easy to adapt to different environments and user preferences. It operates at a voltage of 220-240V at 50Hz, making it compatible with most electrical installations in homes and offices. Its white finish provides a modern and clean appearance, easily integrating into any decor.

Description

The Fan-165x stand fan is a ventilation unit that combines functionality and design, ideal for maintaining a cool and comfortable environment in enclosed spaces. This fan is equipped with a 50W motor that allows for rotation speeds between 100 and 155 rpm, ensuring a powerful and consistent airflow. Its design includes a diameter of 40 cm, providing adequate coverage for medium-sized rooms. Additionally, the fan's automatic oscillation allows for even air distribution, avoiding hot spots and improving air circulation throughout the room.

Technical Features
Power: 50W
Diameter: 40 cm
Speeds: 3 levels
Automatic oscillation
Adjustable height: 106-125 cm
Base: 60x62 cm in blade shape
Voltage: 220-240V~50Hz

Among the benefits of using the Fan-165x stand fan are its ability to improve ventilation in enclosed spaces, which can contribute to a healthier environment. By allowing users to adjust the speed and direction of airflow, they can customize their comfort experience. Furthermore, its modern and elegant design makes it an aesthetic complement to any room without sacrificing functionality. This fan is suitable for a variety of applications, including use in homes, offices, and commercial spaces. It is especially useful during hot months, providing immediate relief from heat and improving overall

comfort. It is also ideal for use in areas where additional ventilation is required, such as kitchens or living rooms. The installation and maintenance of the Fan-165x stand fan are straightforward. Its design allows for quick and hassle-free assembly, and its stable base ensures it stays in place during operation. For maintenance, it is recommended to clean the blades and grille regularly to ensure optimal performance and extend the fan's lifespan.

Specifications

Colour	White
EAN	8426156012780
Manufacturer	GRUNKEL
Remote control	No
Nominal voltage (V)	230V
Speeds	100155
