50W Stand Fan with Oscillation and Round Base

Brand: F-AIR

Reference: EDM 33138

The 50W stand fan with a diameter of 40 cm is a device designed to provide effective ventilation in indoor spaces. With three adjustable speeds, it allows the user to select the intensity of the airflow according to their needs. Its design includes a stable round base and a protective grille that ensures safety during operation. This fan is height-adjustable, making it versatile for different environments, and operates at a voltage of 220-230V, suitable for most electrical installations. Its automatic oscillation allows for uniform air distribution, improving comfort in the room. With dimensions of 40 x 40 x 120 cm, this fan is a practical and efficient option to combat heat in the home or office.

Description

The 50W stand fan is a device designed to offer an effective solution for ventilating enclosed spaces. With a diameter of 40 cm, this fan adapts to various areas, providing a constant and pleasant airflow. Its automatic oscillation technology allows air to be distributed evenly throughout the room, enhancing comfort and user well-being. This model features three speeds, allowing adjustment of air intensity according to personal preferences and environmental conditions.

Technical Features
Power: 50W
Diameter: 40 cm
Voltage: 220-230V
Frequency: 50-60 Hz
Dimensions: 40 x 40 x 120 cm
Automatic oscillation
Height adjustable

Among the benefits of this fan is its ability to provide immediate relief from heat, which is especially useful during the summer months. Additionally, its ergonomic and lightweight design makes it easy to transport and place in different spaces, whether at home, in the office, or even at outdoor events. The option to adjust the height allows it to adapt to each user's needs, ensuring a personalized experience. This fan is ideal for a variety of applications, such as in living rooms, bedrooms, offices, and commercial spaces. Its quiet operation makes it suitable for environments where concentration is required, such as in offices or studios. Moreover, its modern and elegant design easily integrates into any decor, adding a contemporary touch to spaces. The installation and maintenance of this fan are straightforward. It does not require special tools for assembly, and cleaning can be easily done with a damp cloth. It is advisable to periodically check the protective grille and blades to ensure optimal performance and prolong the product's lifespan.

Specifications

Colour	White
EAN	8435151093076
Manufacturer	F-AIR
Remote control	No
Nominal voltage (V)	220230
