Adjustable Stand Fan 50W 23cm White

Brand: F-AIR

Reference: EDM 33140

The adjustable stand fan with 50W power and 23 cm diameter is a device designed to provide efficient and personalized airflow in indoor spaces. With an adjustable height of up to 82 cm, this fan adapts to various needs, allowing for proper air orientation. Its motor operates at speeds ranging from 100 to 155 rpm, offering three power levels that can be selected according to user preference. Additionally, it features automatic oscillation that ensures uniform air distribution throughout the room. The safety grille and five blades guarantee safe and effective operation, while its white design easily integrates into any decorative environment. This fan is ideal for use in homes, offices, or commercial spaces, providing comfort and freshness during hot days.

Description

The adjustable stand fan with 50W power and 23 cm diameter is a climate control device designed to offer optimal performance in air circulation in enclosed spaces. This model stands out for its height adjustment capability, allowing the user to set it to the desired measurement, resulting in a more comfortable and personalized user experience. With a motor that operates at speeds between 100 and 155 rpm, the fan provides three power levels, allowing it to adapt to different environmental conditions and personal preferences. Furthermore, its automatic oscillation ensures that fresh air is evenly distributed, avoiding hot spots in the room.

Technical Specifications
Power: 50W
Diameter: 23 cm
Adjustable height: up to 82 cm
Speeds: 3 (100-155 rpm)
Voltage: 220-240V~50-60Hz
Safety grille: yes
Blades: 5

Among the benefits of this fan is its energy efficiency, allowing prolonged use without excessive electricity consumption. The ability to adjust the height and direction of the air contributes to greater comfort, as the airflow can be directed exactly where needed. Additionally, its modern and functional design adapts to different decor styles, making it a versatile option for any space. This fan is ideal for a variety of applications, from use at home in living rooms or bedrooms to offices and commercial spaces. Its oscillation and height adjustment capabilities make it perfect for maintaining a

cool and pleasant environment, especially during the warmer months of the year. It is also useful in situations where a constant airflow is required, such as in workshops or work areas.Regarding installation and maintenance, the fan is easy to assemble and does not require special tools.

Specifications

Colour	White
Diameter	23
EAN	8435151093267
Manufacturer	F-AIR
Long	82 cm
Remote control	No
Speeds	100155
