Description

The roller aluminum mosquito net with fiberglass insect-proof fabric offers a practical and durable solution to protect windows from insects and external elements, while maintaining ventilation and natural light. Its modern and functional design adapts to various openings thanks to its rolling system and custom fitting options.

Technical specifications

- Dimensions: 100 x 160 cm
- Color: Charcoal
- Materials: Aluminum, fiberglass fabric, and brush seals

Installation is quick and simple, suitable for existing windows. The aluminum housing ensures weather resistance and long-term durability. It can be easily adapted to different sizes through custom cutting.

This mosquito net is useful both indoors and outdoors, providing year-round protection. Its minimalist design combines modern aesthetics with functionality, making it ideal for contemporary spaces that require a discreet yet effective solution.
