Product sheet

Electric mosquito killer 13 W G5 IP20 1.5 m

Brand: EDM

Reference: EDM 06826

Electric mosquito killer with fluorescent lamp G5 of 13 W, coverage of 30 m² and IP20 protection. Works through electrical discharge, without chemical products, with lower collector tray and 1.5 m long cable.

View product online

Description

Electric mosquito killer with electrical discharge technology, designed to eliminate insects in spaces up to 30 m². Uses a 13 W G5 fluorescent lamp and works without chemicals, offering an eco-friendly and effective solution against mosquitoes and other small insects. Its modern design includes a lower collecting tray to facilitate cleaning of dead insect residue.

Technical Features

- Power: 13 W
- Length: 1.5 m
- Socket: G5
- Protection: IP20
- Rated Voltage: 230 V

Its operation is based on an electrical discharge that eliminates insects upon contact, without the need for chemicals or toxic substances. It is ideal for indoor use and provides effective control in areas with high mosquito concentration.

It is recommended to place the device near light sources that attract insects, maintaining an appropriate distance from the usage area. Installation is simple thanks to the included 1.5 m cable and does not require special tools for assembly or maintenance.

Specifications

Cap	G5
EAN	8412852023588
Manufacturer	COATI
Long	1.5 m
Protection	IP20
Nominal voltage (V)	230V
