

Product sheet

**Broca din338 hss-co stepcut
ø3,00 mm**

Brand: BLUEMASTER

Reference: EDM 16034

HSS-Co drill with StepCut tip, diameter 3.00 mm for precise milling in resistant materials. Designed for CNC machine tools and machining centers, it offers high wear resistance thanks to its HSS-CO technology and optimizes the surface quality of the drill.

[View product online](#)**Description**

HSS-Co drill with 3 mm StepCut tip designed for precise milling in resistant materials. It uses HSS-CO technology that provides greater wear resistance and performance under demanding conditions. Its optimized design improves the surface quality of the drill.

Technical specifications

- Diameter: 3 mm

This drill is suitable for precision work in metals, plastics and composite materials. Its robust construction ensures consistent performance under intensive usage conditions.

Installation is simple thanks to its standard design compatible with most conventional drills. It is recommended to use it at appropriate speeds according to the material to achieve better finish and cutting durability results.

Specifications

Diameter	3 mm
