Delta 3 Plus 10 mm Wall Drill

Brand: BLUEMASTER

Reference: EDM 16047

Wall drill with a 3-flute monoblock tip geometry and a 130° angle, designed for percussion work. Diameter $\varnothing 10$ mm with 3 evacuation channels that improve tool life and allow centered and precise holes.

Description

Delta 3 Plus $\varnothing 10$ mm wall drill specifically designed for drilling in concrete, brick, and stone with maximum precision and efficiency. Its tip geometry with three monoblock flutes and a 130° angle allows for centered, round, and precise holes, minimizing effort during operation. The three-channel evacuation structure improves tool life and facilitates the removal of material particles during drilling.

Technical Features

- Diameter: 10 mm

This drill is ideal for structural work where high precision and durability are required. Its optimized design ensures consistent performance in resistant materials, reducing the risk of deviation or damage to the base material.

Installation is simple: just insert the drill into a percussion drill and start drilling. A minimum 500 W drill capacity is recommended to achieve optimal technical results and ensure efficient and safe drilling.

Specifications

Diameter	10 mm
EAN	8422798983181
