Professional Drill Bit with Spear Point Ø7 mm

Brand: BLUEMASTER

Reference: EDM 16065

Professional drill with a 7 mm diameter sharp point, designed for precise drilling applications in resistant materials. It features a hard coating for greater durability and cutting efficiency.

Description

Professional drill with a 7 mm diameter lance tip, designed for precise drilling applications in resistant materials. This drill combines a specific tip geometry with a hard coating that ensures greater durability and cutting efficiency. Its construction allows for high-quality holes in various materials, making it ideal for industrial and professional work.

Technical specifications

- Diameter: 7 mm

The drill delivers optimal performance in hard materials, minimizing the risk of deformation or premature wear. Its design enables efficient and precise drilling, ideal for applications requiring high strength and dimensional accuracy.

It is recommended to use it with standard drilling tools, following the corresponding safety standards. Proper maintenance ensures prolonged use and consistent performance under demanding conditions.

Specifications

Diameter	7 mm
EAN	8422798518109
