Professional Drill with Spear Point 9 mm

Brand: BLUEMASTER

Reference: EDM 16067

Professional drill with spear point and hard metal coating, diameter 9 mm, weight 0.7 kg, suitable for drilling hard materials such as porcelain, tough ceramic and glass up to 700 rpm.

View product online

Description

Professional drill with spear point and hard metal coating, designed for precise drilling in hard materials such as porcelain, tough ceramic, glass and tiles. Its robust construction allows operation at a maximum of 700 rpm, ensuring efficiency and durability in high-precision industrial work.

Technical Features

- Diameter: 9 mm
- Weight: 0.7 kg

It offers exceptional resistance and optimal performance on hard surfaces, minimizing material deformation during drilling. Its spear point is specially adapted to create precise holes in industrial applications.

It is recommended to use it exclusively with a water-cooling system during the drilling process, which ensures a longer tool life and better final finishes. It is suitable for work in professional environments where high efficiency and technical precision are required.

Specifications

Diameter	9 mm
EAN	8422798518123
Weight (kg)	provavelmente 700 g ou similar
