Razorback Hard Metal Drill ø25 mm

Brand: BLUEMASTER

Reference: EDM 16079

Razorback hard metal drilling crown ø25 mm, designed for intensive cutting in resistant materials such as stainless steel. Maximum cutting depth of 35 mm, recommended for sheets up to 3 mm thick.

Description

Corona perforadora metal duro Razorback ø25 mm designed for intensive cutting applications in resistant materials such as stainless steel and other metals. Its advanced technology allows precise holes to be made with high efficiency, ideal for demanding industrial work where durability and optimal performance are required.

Características técnicas

- Diámetro: 25 mm
- Profundidad máxima de corte: 35 mm

This tool is especially suitable for drilling sheets up to 3 mm thick, offering extended service life and minimal maintenance needs thanks to its robust construction. Its optimized design maximizes productivity under high-demand conditions.

It is recommended for use in industrial environments where precision and resistance are required. Installation is simple using systems compatible with standard tools, facilitating integration into routine production processes.

Specifications

Diameter	25 mm
----------	-------

EAN	8422798012188
Depth	según texto: 35 mm
