Razorback Hardmetal Drill Bit ø38 mm

Brand: BLUEMASTER

Reference: EDM 16084

Razorback hard metal drill bit ø38 mm with a maximum depth of 35 mm. Designed for industrial applications in tough materials such as concrete and stone, it uses hardened diamond technology for high wear resistance.

Description

Razorback hard metal drill bit with a diameter of 38 mm and maximum depth of 35 mm, designed for demanding industrial applications. It uses hardened diamond technology that ensures high wear resistance in tough materials such as concrete, stone, and metals.

Technical Features

- Diameter: 38 mm
- Maximum Depth: 35 mm

Its robust construction allows optimal performance in construction and precision work. It is suitable for deep drilling where durability and accuracy are required under high-wear conditions.

Installation is direct into standard drilling systems, facilitating its use combined with drill bits or specialized tools. It is recommended for applications that demand resistance and precision in intensive industrial environments.

Specifications

Diameter	38 mm
EAN	8422798012263
Depth	según texto: 35 mm
