Razorback 54 mm Punching Crown

Brand: BLUEMASTER

Reference: EDM 16088

Hardmetal drill bit Razorback $\varnothing$ 54 mm, designed for intense cutting in resistant materials such as stainless steel. Maximum cutting depth of 35 mm, recommended for sheets up to 3 mm thick.

Description

The hardmetal drill bit Razorback $\varnothing$ 54 mm is designed for intensive cutting applications in resistant materials such as stainless steel, copper, brass and glass fibers. Thanks to its TCT (tungsten carbide) technology, it offers greater durability and abrasion resistance, making it ideal for deep drilling operations with high productivity. Its diameter of 54 mm and maximum cutting depth of 35 mm allow efficient work on sheets up to 3 mm thick.

Technical Features

- Diameter: 54 mm
- Cutting Depth: 35 mm

Its aggressive design optimizes performance in synthetic materials, wood and non-ferrous metals. It is especially useful in industrial environments where precision and prolonged resistance are required during intensive operations.

Installation is simple thanks to its compatibility with standard drilling systems. It is recommended to use it with equipment that allows precise control of feed and cutting speed for optimal performance and durability results.

Specifications

Diameter	54 mm
EAN	8422798012355
Depth	según texto: 35 mm
