Razorback Hard Metal Drill Bit 60 mm

Brand: BLUEMASTER

Reference: EDM 16090

Razorback hard metal drill bit $\varnothing$ 60 mm, designed for intensive cutting in resistant materials. Maximum cutting depth of 35 mm, diameter of 60 mm, compatible with sheets up to 3 mm thick.

Description

Razorback hard metal drill bit $\varnothing$ 60 mm designed for intensive applications in resistant materials such as stainless steel, copper, brass and fiberglass. Its TCT (Tungsten Carbide Tipped) technology ensures high abrasion resistance and efficiency in demanding operations. This tool is ideal for jobs requiring a maximum cutting depth of 35 mm in sheets up to 3 mm thick.

Technical Features

- Diameter: 60 mm
- Cutting Depth: 35 mm

Its aggressive design maximizes durability and efficiency in hard materials, offering consistent performance under intensive working conditions. It is a reliable solution for industrial operations that demand precision and resistance.

It is recommended for deep cutting of non-ferrous metals, wood and synthetic materials. Its robust construction allows stable performance in demanding industrial environments, facilitating simple installation and efficient operation.

Specifications

Diameter	60 mm
