Hard Metal Drill Bit Razorback 76 mm 35 mm

Brand: BLUEMASTER

Reference: EDM 16094

Hard metal drill bit Razorback $\varnothing 76$ mm with a maximum cutting depth of 35 mm in sheets up to 3 mm thick, designed for resistant materials such as stainless steel and copper.

Description

The hard metal drill bit Razorback $\varnothing 76$ mm is designed for intensive cuts in resistant materials such as stainless steel, copper, and brass. Its advanced cutting technology allows precise and durable results in demanding industrial applications. The drill bit features a tungsten carbide coating that ensures greater resistance to abrasion and an extended service life.

Technical Specifications

- Diameter: 76 mm
- Cutting Depth: 35 mm

This tool is ideal for working with sheets up to 3 mm thick, offering high efficiency in the cutting process. Its design optimizes performance in resistant materials and reduces processing times, improving overall productivity.

Installation is simple thanks to its compatibility with conventional drilling systems, facilitating integration into existing industrial processes. Its ease of use allows quick startup without the need for complex adjustments.
