Description

Green laser distance meter with a maximum range of 60 m, designed for professional applications in construction, surveying and maintenance. Uses green laser technology to provide accurate and fast measurement in various environments. Includes advanced functions such as volume, area, angle calculations and the Pythagorean theorem, plus the ability to add multiple measurements.

Technical Specifications

- Maximum measuring range: 60 m
- Features: continuous measurement, volume, area, Pythagoras, angles and measurement summation
- Internal memory: 99 records
- Power supply: AAA batteries (included)
- Includes: wrist strap and storage bag

Its compact and ergonomic design makes it easy to handle in the field, while internal memory allows storing numerous data points without external connection. Ideal for professionals who require precise and multifunctional tools.

Installation is simple with included AAA batteries, and its transport bag along with the wrist strap ensure easy portability and comfort during prolonged use on construction sites or outdoor tasks.

Specifications

EAN	8421411025444
Manufacturer	MEDID
Long	60 m
