Description

Compact self-leveling laser level with front green cross projection, designed for precise applications in construction and decoration. Uses advanced optical technology that guarantees accurate measurement of ± 0.4 mm/m, ideal for both indoor and outdoor work. Its self-leveling system allows simple operation without constant manual adjustments.

Technical specifications

- Length: 30 m
- Protection: IP54
- Batteries: 2 x AA (included)
- Thread: $\frac{1}{4}$ and $\frac{5}{8}$ inch

Its tripod compatibility ensures stable installation in demanding work environments. It facilitates the creation of precise horizontal and vertical lines, making it especially useful for alignments on floors, walls or metal structures.

The compact design allows easy handling in confined spaces, while guaranteed autonomy through included batteries offers extended operation without interruptions. Specifically designed for professionals who require high precision and ease of use in vertical and horizontal measurement projects.

Specifications

EAN	8421411025277
Manufacturer	MEDID
Long	30 m
Protection	IP54
