Description

Rechargeable aluminum flashlight of aerospace grade with 2000 lumen LED technology, designed for professional and recreational use. It provides intense lighting up to a range of 259 meters, with strobe mode and four brightness levels: high (2000 lm), medium (800 lm), low (200 lm) and strobe. Its robust housing ensures durability in adverse conditions.

Technical specifications

- Lumens (lm): 2000
- High: 2000
- Range: 259 m
- Material: ALUMINUM
- IP Protection: IPX7
- Battery: 2000 mAh, 3.7 V, 7.4 Wh
- Charging connection: Micro-USB
- USB-A port with power bank function

Its intelligent energy control system optimizes performance and extends battery life. It is suitable for outdoor work, security activities or daily use where a powerful and reliable light source is required.

Includes micro-usb cable and lanyard for greater comfort during use. The power bank function allows charging other electronic devices when needed, facilitating its integration in professional or emergency environments.

Specifications

High	2000
EAN	5060063228204
Manufacturer	NEBO
Long	259 m
Material	Aluminio
