Description

Mobile electrical installation base with rubber cover and Schuko plug 2P+t, 16A, 250V, designed for industrial and commercial applications. Its construction from high-mechanical-resistance materials IK08 ensures durability in demanding environments. It incorporates a push-in terminal system that allows quick connection without the need for tools, facilitating installation on walls or flat surfaces.

Technical Specifications

- Diameter: 1.5 mm
- Length: 0.25 m
- Color: Black
- Protection: IP54

Its design allows for safe and efficient installation in environments where reliable electrical connectivity is required. The Schuko plug offers compatibility with standard European outlets, while the IP54 protection ensures resistance to dust and water splashes.

The base includes an integrated hanger that facilitates mounting on walls or flat surfaces. Its tool-free quick connection system allows for agile installation, ideal for environments where speed and safety in equipment startup are essential.

Specifications

Colour	Black
Diameter	1.5 mm
EAN	8429760814351
Manufacturer	FAMATEL
Long	0.25
Protection	IP54
