Description

White square surface mount base 16A 250V with a retractable design that facilitates installation without the need for additional tools. This base is specially designed for use in residential and commercial environments, offering a secure and durable connection for sockets and electrical devices.

Technical Specifications

- Rated current: 16A
- Maximum voltage: 250V
- Color: White
- Mounting type: Surface
- Retractable design

Its construction from durable material ensures a long service life and compatibility with common electrical standards. It is suitable for applications where an aesthetic and functional solution is required without compromising safety.

Installation is quick and simple, as it can be mounted directly on flat surfaces without requiring structural modifications to the wall. It facilitates maintenance and replacement of sockets or electrical devices with ease.

Specifications

Colour	White
EAN	8429760420071
Manufacturer	FAMATEL
Type of installation	Surface
