Description

Wall-mounted multiple outlet base with 8 Schuko 2P+T sockets, designed for residential and commercial use. Features a 3g1,5 mm² h05vv-f cable that is 1.5 m long, made from aluminum for greater durability and corrosion resistance. Includes surge and overload protection, child safety features, and a light switch to control electrical access.

Technical Specifications

- Sockets: 8 Schuko 2P+T
- Voltage Range: 16 - 250 V~
- Cable Length: 1.5 m
- Cable Section: 3g1,5 mm²
- Body Material: Aluminum
- Protection: Surge and Overload
- Child Safety: Yes
- Light Switch: Yes

Its installation is simple both on walls and surfaces thanks to its adaptable design. It's suitable for spaces where multiple electrical connections are needed without compromising safety or aesthetic order.

It can be mounted either hanging or screwed depending on the environment's needs, facilitating integration into any type of installation. Its robustness and advanced technical features make it a

reliable solution for general use in both domestic and commercial environments.
