### Description

Fixed installation multiple outlet base with modern design and advanced functionality, ideal for residential and industrial use. It includes 6 Schuko 2p+t sockets with operating capacity between 16 and 250 V~, plus two USB ports type A and C for fast charging of electronic devices. The wiring is made of a 3g1,5 mm<sup>2</sup> h05vv-f quality wire, ensuring a safe and efficient connection. Made from durable aluminum, it includes overvoltage protection and child safety features for added comfort.

### Technical Specifications

- Cable Length: 1.5 m
- Connections: 6 Schuko 2p+t sockets
- Voltage Capacity: 16 to 250 V~
- Wiring: h05vv-f 3g1,5 mm<sup>2</sup>
- USB Ports: 2 (type A and C)
- Material: Aluminum
- Overvoltage Protection: Yes
- Child Safety: Yes
- Light Switch: Yes

Its versatility allows installation both on the wall and surface-mounted, making it ideal for spaces with multiple electronic devices. It is especially useful in high-energy demand areas such as living rooms, offices, or kitchens.

The base can be easily mounted using hardware or wall mounting thanks to its robust and modular structure. Its aluminum housing offers durability and resistance against daily wear and tear.
