Description

10 A and 250 V~ flush mount switch without frame with flip button and quick connection up to 2.5 mm². Made of graphite, halogen-free and with IP40 protection. Designed for residential and industrial electrical installations where a clean and functional design is required.

Technical Specifications

- Rated current: 10 A
- Maximum voltage: 250 V~
- Frequency: 50/60 Hz
- Cable cross-section: up to 2.5 mm²
- Button material: graphite
- Protection: IP40
- Halogen-free: Yes

Its robust construction and ergonomic design ensure safe and durable operation. It is suitable for lighting circuits and small equipment, offering reliability in low-profile environments.

The installation is simple thanks to the quick mounting system, allowing efficient assembly on electrical panels or walls. Its flip button facilitates daily use and its fast connectivity improves efficiency during cable connections.

Specifications

EAN	8423220221215
Halogen-free	Yes
Protection	IP40
