Description

Flush mount frameless fixed base, designed for residential and commercial electrical installations. It offers a secure cable connection with cross-section up to 2.5 mm² via screw, ensuring a robust and durable installation. Compatible with voltages up to 250 V and frequencies of 50/60 Hz, ideal for applications requiring high-quality fixed sockets.

Technical Features

- Rated current: 16 A
- Maximum voltage: 250 V
- Frequency: 50/60 Hz
- Cable cross-section: up to 2.5 mm²
- IP40 Protection
- Halogen-free

Its compact graphite design offers superior corrosion resistance and facilitates maintenance. It is especially useful in environments where a safe and clean installation is required, with easy integration into any type of decoration.

It can be installed directly into the wall without the need for an additional frame, allowing simple integration. Recommended for use in dry areas with limited water access to maintain equipment integrity throughout its service life.

Specifications

EAN	8423220221222
Halogen-free	Yes
Protection	IP40
