Description

Retractable surface mount base for wall or channel installation, with Schuko 2P+T socket and 16A to 250V~ switch, ideal for electrical applications in residential and industrial environments. Designed with a white finish and halogen-free materials, it ensures environmental compatibility and durability. Its robust construction allows operation between -25°C and 50°C, adapting to various environmental conditions.

Technical Specifications

- Connection: Schuko 2P+T
- Switch: 16A to 250V~
- Protection: IP20
- Material: White, halogen-free
- Operating Temperature: -25°C to 50°C
- Installation: Surface or in channel

Facilitates integration into modern spaces thanks to its compact and functional design. Suitable for low humidity areas, with simple installation using a screw. The built-in system improves electrical safety against accidents.

Its use is recommended in residential or commercial environments where an elegant and safe solution is required. It is compatible with standard lighting and power systems, facilitating implementation without the need for structural modifications.

Specifications

EAN	8412852984094
Manufacturer	Simon
Halogen-free	Yes
Protection	IP20
