Description

Retractable surface mount base with Schuko 2P+T socket and 16A to 250V switch, ideal for electrical installations in domestic and industrial environments. Designed for surface mounting or channel installation, it features a graphite finish and screw-fixing system. Made from high-strength plastic, it is halogen-free and compatible with temperatures between -25°C and 50°C.

Technical Specifications

- Connection: Schuko 2P+T
- Switch: 16A to 250V~
- Protection: IP20
- Material: High-strength plastic
- Color: Graphite
- Operating Temperature: -25°C to 50°C
- Installation: Surface or in channel
- Halogen-free: Yes

Its functional and compact design allows easy integration into any type of electrical installation. It is especially useful for lighting control, outlets, and other devices with high safety and aesthetic requirements.

The base installs easily both on the surface and within a channel using its screw-fixing system. Its

thermal and mechanical resistance ensures safe operation over many years of continuous use, adapting to various environmental conditions.

Specifications

EAN	8412852984100
Manufacturer	Simon
Halogen-free	Yes
Protection	IP20
