Description

White hook and loop closure adhesive roll with strong initial adhesion and thermal resistance up to 80 °C. Composed of 60% nylon and 40% polyester, it is suitable for surfaces such as plastic, metal, glass and wood. It allows fixation of up to 500 g per each 10 cm strip and is reusable up to 15,000 times.

Technical Features

- Length: 25 m
- Width: 20 mm
- Format: Roll
- Composition: 60% nylon, 40% polyester
- Thermal resistance up to: 80 °C
- Maximum load per 10 cm strip: 500 g
- Reusable up to: 15,000 times

Its design allows quick and safe installation without the need for tools, making it suitable for mechanical assemblies, temporary mounts or reusable fastenings. It is especially useful in industrial and domestic applications where a reliable and durable closure is required.

It is recommended to apply on clean and dry surfaces to ensure optimal adhesion. Its composition allows its use both indoors and outdoors, including vehicle spaces.

Specifications

EAN	8414419214729
Manufacturer	INOFIX
Format	Rollo
Depth	25 m x 20 mm
