Description

Professional wine cork extractor tool, manufactured from high-resistance stainless steel. Its compact and foldable design facilitates transportation and storage in restaurant environments. The ergonomic handle ensures comfortable grip during extended use.

Technical Specifications

- Length: 16 cm
- Material: Stainless Steel
- Handle: Ergonomic ABS

This corkscrew offers durability and precision in cork extraction, making it especially useful in bars and restaurants where fast service is required. Its robust construction guarantees prolonged use under demanding conditions.

Its foldable design makes it easy to store in small spaces. It is recommended to clean after each use to maintain optimal performance and extend its lifespan.
