Description

The automatic vacuum jar in stainless steel is a container designed to preserve the freshness and quality of food over extended periods. Its vacuum sealing system activates with a simple click, ensuring effective hermeticity that prevents air and moisture entry. Made from stainless steel, it offers durability, ease of cleaning, and resistance to corrosion.

Technical Specifications

- Material: Stainless Steel
- Capacity: 800 ml
- Dimensions: 10 x 14.2 cm
- Diameter: 10 cm
- Charging: USB-C (cable included)
- Approximate duration: up to 300 cycles per charge

Its use includes storing ground coffee, seeds, cereals, teas, cookies, spices, dried fruit, and savory snacks. Thanks to its efficient design, it significantly extends the shelf life of food products by maintaining their organoleptic properties intact.

For use, simply place the food inside the jar and activate the vacuum system with a click. No additional tools or complex processes are required. It is recommended to clean it after each use to maintain optimal performance and extend its lifespan.

Specifications

High	10
Diameter	10 mm
EAN	8013240891255
Material	Acero inoxidable
Measures	10 x 14.2
Capacity (ml)	800 ml
