Product sheet

School Electrical Kit with 2m Cable and 4.5v Bulbs

Brand: EDM

Reference: EDM 64463

School electrical kit with 2m cable, 2 bulbs of 4.5 V and 2 lamp holders. Includes switch for basic electricity experiments in educational environments.

View product online

Description

School electrical kit designed for basic electricity experiments in educational settings. Includes a 2-meter cable, two 4.5 V bulbs, two lamp holders and a switch. Facilitates the practical understanding of fundamental concepts such as current and series circuits.

Technical specifications

- Length: 2 m
- Format: Blister pack
- Bulbs: 2 units of 4.5 V
- Lamp holders: 2 units
- Switch: 1 unit

Its modular design allows easy connection and disconnection of components, facilitating experimentation in the classroom. It is especially useful for teaching basic electricity principles in a visual and practical way.

Installation is simple: connect the bulbs in the lamp holders and use the switch to control the circuit. Its durable construction guarantees repeated use in school or laboratory environments.
