Description

Round electronic thermometer with a diameter of 61 mm, designed to measure and record minimum and maximum temperatures in indoor environments. Its digital screen of 47.5 mm allows for clear reading in both Celsius and Fahrenheit degrees, facilitating thermal monitoring in small and medium-sized spaces. The device is ideal for use in homes, offices or industrial facilities where precise temperature control is required.

Technical Specifications

- Diameter: ø61 mm
- Dimensions: ø61 mm
- Digital screen of 47.5 mm
- Records minimum and maximum temperatures
- Function in °C and °F
- Includes CR2032 battery
- Color: white

Its compact and elegant design adapts easily to any environment, allowing quick installation without the need for additional tools. The magnetic mount facilitates placement on metal surfaces, while the wall mounting option offers greater versatility for specific applications.

This thermometer is especially useful for monitoring thermal conditions in enclosed spaces where constant temperature variation tracking is required. Its ease of use and accuracy make it a practical

solution for environmental control in multiple settings.

Specifications

Diameter	61 mm
EAN	3369140560490
Manufacturer	STIL
Measures	ø61 mm
Depth	Ø61 mm
