Description

White mini-maxi electronic thermometer with measurement capacity between -10°C and 50°C, ideal for indoor and outdoor use. Its compact and durable design allows easy installation via wall mounting, making it suitable for environments requiring continuous temperature monitoring. Works with included AAA battery, offering autonomy without the need for additional power sources.

Technical specifications

- Dimensions: 8 x 3 x 13.3 cm
- Height: 8 cm
- Width: 3 cm
- Depth: 13.3 cm
- Measurement range: -10°C to 50°C
- Precision: $\pm 1^\circ\text{C}$
- Power source: 1 included AAA battery
- Water resistance: IPX3

Its reliable operation makes it suitable for applications in warehouses, laboratories or outdoor areas exposed to varying weather conditions. Its white color facilitates integration into various decorative and working environments.

Installation is quick thanks to its wall mounting system, allowing easy placement in any required location. It is especially useful for continuous thermal monitoring in spaces where precision and

equipment durability are essential.

Specifications

EAN	3369140560209
Manufacturer	STIL
Measures	8 x 3 x 13.3
