Description

Electronic thermometer with 1-meter probe designed to measure temperatures indoors and outdoors with high precision. Its technology allows reliable monitoring in the range of -30 to 60 °C, with an accuracy of ± 1 °C. The device is easy to install both on walls and flat surfaces thanks to its included magnetic base.

Technical Specifications

- Probe Length: 1 m
- Weight: 0.454 kg
- Temperature Range: -30 to 60 °C
- Precision: ± 1 °C
- Power Supply: 1 included LR1130 battery
- Color: Red and White
- Device Dimensions: 4.5 x 4.5 x 1.5 cm

Its compact and durable design makes it suitable for use in refrigerators, warehouses or outdoors where precise thermal control is required. It facilitates monitoring of environmental conditions without the need for complex installations.

It can be easily placed on flat surfaces or mounted on walls using its built-in magnet, allowing flexible and secure placement in different environments.

Specifications

EAN	3369140560391
Manufacturer	STIL
Long	1 m
Weight (kg)	0.454
