Description

Premium white privacy and shade mesh, made from high-density polyethylene (HDPE) with anti-UV coating. Provides effective protection against sunlight and excellent privacy in outdoor spaces. Its sturdy design allows use in pergolas, fences and barriers.

Technical Specifications

- Dimensions: 3 x 4 m
- Grammage: 230 g/m² ± 5%
- Material: High-density polyethylene (HDPE)
- Treatment: Anti-UV rays
- Color: White

Its dense and uniform structure provides effective coverage without compromising the aesthetic appearance of the surroundings. It is especially useful in gardens, terraces or public areas where solar privacy is required.

It installs easily using grommets along the edges, facilitating its attachment to existing structures. Its weather resistance ensures long-term outdoor use without significant degradation.

Specifications

High	3
EAN	8435584426724
