### Description

Single drawer toolbox with lock and automatic self-locking system, designed for efficient storage and transportation of tools in professional environments. Manufactured from high-performance black polymer with reinforced steel corners, offering strength and durability. Its modular structure allows safe stacking of boxes, facilitating quick access to contents without the need to unstack units.

#### Technical specifications

- Dimensions: 53 x 40.5 x 39.5 cm
- Weight: 188.64 kg
- Height: 53 cm
- Width: 40.5 cm
- Depth: 39.5 cm
- Sliding closure with lock option (not included)
- Rugged and foldable side handles for transportation
- Quick-release accessory rails
- Modular stackable structure with automatic self-locking

Its construction from durable polymer ensures a long service life, ideal for industrial warehouses or workshops. Includes internal dividers that allow efficient organization of tools and accessories.

Installation is simple thanks to its automatic interlocking system which guarantees stability when stacking. It can be used as an individual unit or as part of a modular system, facilitating optimized

transport and storage in professional environments.
