Description

The angle sander 1200 W with 180 mm disc is a professional tool designed to polish and sand surfaces of wood, metals and other materials efficiently. Its powerful motor and maximum speed of 3500 rpm ensure consistent performance in intensive tasks. It features a 3-meter cable for greater mobility during use.

Technical Specifications

- Power: 1200 W
- Disk Diameter: 180 mm
- Maximum Rotation Speed: 3500 rpm
- Cable Length: 3 m
- Weight: approximately between 1-3 kg

It delivers a fine and uniform finish thanks to its ergonomic design and high-quality components. It is especially useful in workshops and construction sites where high-quality finishing is required.

Recommended for maintenance, restoration and final finishes on horizontal or vertical surfaces. The M14 connection with hook and loop facilitates handling during the polishing process. Its compact design allows comfortable use both in confined spaces and extended tasks.

Specifications

Diameter	180 mm
EAN	5400338128103
Weight (kg)	debería ser aproximadamente entre 1-3 kg
Revolutions per minute (RPM)	3500
Decibels (dB)	98 dB
