Description

Rechargeable 4V pruning scissors with 4000 mAh Li-Ion battery and ergonomic design for extended use. Equipped with brushless motor and automatic safety system, they offer efficient power to cut thin branches and light vegetation in gardening and maintenance of small and medium size.

Technical Specifications

- Maximum cutting diameter: 14 mm
- nominal voltage: 4 V
- Battery: Li-Ion 4000 mAh
- Motor type: brushless
- Charging connection: USB-C
- Overload protection: yes
- LED charge indicators: yes
- Safety mechanism: yes
- Auto-shutoff: yes

Their efficient operation and safety system ensure secure performance both in domestic and professional environments. They are ideal for routine pruning tasks, allowing precise cutting without excessive effort.

Charging is easily done using the included USB-C cable. The automatic shutoff mechanism helps conserve battery when not in use, extending its lifespan and energy efficiency.

Specifications

Diameter	14 mm
EAN	5400338129247
Nominal voltage (V)	4
