Inverter Generator 3200 W with 230 V Output

Brand: POWERPLUS

Reference: EDM 84098

Inverter generator 3200 W with 230 V output, displacement 210 cc, length 130 cm, fuel capacity 10 L, operating time up to 10.5 h at 50% load.

Description

3200 W inverter generator with 230 V output, designed to provide clean and stable electrical power during emergencies or outdoor work. It uses inverter technology to deliver regulated current ideal for sensitive equipment such as computers, televisions, and household appliances. Its maximum power makes it suitable for multiple applications.

Technical Specifications

- Power (W): 3200
- Length: 130 cm
- Displacement: 210 cc
- Voltage Output: 230 V
- Includes Schuko outlet
- USB-A and USB-C connections for device charging
- Fuel tank capacity: 10 l
- Oil tank capacity: 0.6 l
- Continuous operation time: 10.5 h at 50% load
- Noise level: 96 db
- Start rope length: 1.3 m
- Compatible with E10 fuel

Features efficient and quiet operation, suitable for both indoor and outdoor use. Its compact design facilitates transportation and storage. Includes safety features such as a AC circuit breaker and fuel

level indicator.

It is recommended to use it in ventilated areas and follow the manufacturer's instructions for installation and maintenance. Comes with basic accessories including a funnel, spark plug wrench, measuring cup, and brackets to stabilize the unit during operation.

Specifications

EAN	5400338129339
Long	1.3 m
Power (W)	3200
Decibels (dB)	96 dB
