Description

The drawer pull type handle in stainless steel is an accessory designed for interior furniture applications, combining durability and aesthetics. Its construction from high-quality material makes it ideal for use in kitchens, wardrobes and other furniture where durability and a refined finish are required. The model 891h features a modern design that adapts to various decorative styles.

Technical specifications

- Length: 128 mm
- Total dimensions: 16.8 x 1.2 x 3.2 cm
- Material: Stainless Steel
- Finish: Satin Nickel
- Includes metric thread screws M4

Its installation is quick and simple thanks to the included screws, allowing secure fixation without the need for additional tools. It is compatible with conventional mounting standards, facilitating its integration in renovation or decoration projects.

This drawer pull offers a functional and durable solution for surfaces that require an aesthetic accessory resistant to corrosion, ideal for environments where a combination of contemporary style and technical performance is sought.
