Description

Drawer handle type lever made of stainless steel with black matte finish, designed to provide durability and aesthetics in furniture applications. Its robust construction makes it ideal for doors and drawers where a functional and durable accessory is required. The model 891h combines a modern appearance with precise technical features that ensure its proper operation.

Technical Specifications

- Length: 128 mm
- Measurements: 16.8 x 1.2 x 3.2 cm
- Material: Stainless Steel
- Finish: Black Matte

Its installation is simple thanks to the included M4 screws, allowing quick and secure fixation on furniture with a hole spacing of 128 mm. It is especially useful for decoration projects or repairs of existing furniture where a resistant and aesthetic finish is sought.

This handle is suitable for indoor use, providing a functional and durable solution for any type of furniture. Its minimalist design allows it to integrate easily into various architectural styles without compromising its technical performance.
