Description

The drawer handle type lever in stainless steel is an accessory designed for doors and drawers, combining durability with an aesthetic finish. Its construction from a resistant material makes it ideal for both domestic and commercial use. The model 891h features a modern and minimalist design that integrates easily into any type of interior.

Technical Specifications

- Material: Stainless Steel
- Finish: Satin Nickel
- Dimensions: 136 x 12 x 32 mm
- Hole Spacing: 96 mm
- Includes M4 screws for installation

It is commonly used in kitchen furniture, wardrobes and other elements where a functional and elegant accessory is required. The simplicity of its design allows easy integration without overloading the visual space.

Installation is quick thanks to the included screws, allowing it to be securely fixed on various materials. Its resistance guarantees prolonged performance in daily and commercial environments.
