View product online

Description

Aluminum drawer handle with matte anodized finish, designed for interior doors and drawers. Its aluminum construction provides corrosion resistance and a modern appearance that integrates easily into any interior design. Total dimensions are 150 x 9 x 17 mm with a hole spacing of 128 mm, facilitating easy installation without complications.

Technical Specifications

- Material: Aluminum
- Finish: Matte Anodized
- Dimensions: 150 x 9 x 17 mm
- Hole Spacing: 128 mm
- Includes M4 metric screws

Its functional and compact design makes it suitable for modern furniture, combining durability with clean aesthetics. It is especially useful in domestic or commercial environments where a visually simple and durable solution is required.

Installation is quick and secure thanks to the included screws, allowing direct mounting without additional tools. Recommended for use on interior drawers and doors where an elegant and functional appearance is desired.
