

## Product sheet

## Nylon ejector with damping base gray im08

Brand: EDM

Reference: EDM 86257

Nylon ejector with damping base, model im08, in gray color. Dimensions: 75 x 14.5 x 17.5 mm. Made from high-resistance nylon for industrial applications requiring precise and controlled displacement.

### Description

Ejector with damping base in gray nylon, model IM08, designed for industrial applications that require precise and controlled displacement. Its compact construction allows silent and efficient operation in mechanical assemblies where a gentle ejection action is needed.

#### Technical specifications

- Material: Nylon
- Color: Gray
- Dimensions: 75 x 14.5 x 17.5 mm
- Package type: Blister

This ejector offers high resistance to wear and silent operation thanks to its damping base. It is especially useful in manufacturing processes that require controlled and repetitive movements, such as injection molding machines or mechanical systems with precise ejection mechanisms.

Its installation is simple thanks to the included screws for direct mounting. It is recommended for industrial applications where a durable and effective solution is needed for part ejection during the manufacturing process.

### Specifications

|          |                     |
|----------|---------------------|
| High     | 7.5                 |
| Width    | 1.45                |
| Colour   | Grey                |
| EAN      | 8425998862577       |
| Long     | 75 x 14,5 x 17,5 mm |
| Material | Nylon               |
| Measures | 7.5 x 1.45 x 1.75   |
| Depth    | 1.75                |
