Description

U-thread hook with an 8 mm diameter, manufactured from steel tube coated with Rilsan anti-oxidation coating. Designed to support maximum loads of up to 80 kg on surfaces such as gypsum walls, brick, or concrete. Its robust structure and protective finish ensure durability in indoor environments.

Technical Specifications

- Diameter: 8 mm
- Weight: 0.78 kg
- Depth: 8 mm

Installation is simple and quick, requiring only a drill and provided screws. It adapts to various surfaces as long as fixing requirements are met. Perfect for hanging pictures, mirrors, or lightweight accessories where a visible and secure solution is needed.

The U-shape design allows direct mounting on walls or ceilings without the need for additional structures. Thanks to its Rilsan coating, it offers resistance to oxidation and prevents prolonged corrosion, maintaining its appearance and functionality for years.
